## The Firm

We recognize that moving to a new law firm is a significant life event. While you weigh your options and consider where you would like to be, let us highlight some of the reasons you should consider Dentons.

Dentons is a global law firm driven to provide you with the competitive edge in an increasingly complex and interconnected marketplace. We were formed by the March 2013 combination of international law firm Salans LLP, Canadian law firm Fraser Milner Casgrain LLP (FMC) and international law firm SNR Denton. In June 2015, McKenna Long & Aldridge merged with Dentons US, expanding our capabilities and geographic reach in the US.

Now clients benefit from approximately 3,000 lawyers and professionals in more than 80 locations spanning 50-plus countries across Africa, Asia Pacific, Canada, Central Asia, Europe, the Middle East, Russia and CIS, the UK and the US who are committed to challenging the status quo to offer creative business and legal solutions.

"Polycentric" is the concept that most accurately captures what differentiates Dentons from other more traditional law firms. It is a collective label for a set of values by which we organize ourselves and serve our clients. Dentons has no single headquarters or dominant culture. We are diverse in terms of geography, language and nationalities. Our lawyers embrace our diversity and reflect the race, religion, gender, sexual orientation and nationality of our clients around the globe. To learn more about Dentons, please click [here](#).
