

# Lead Security Counsel

(Menlo Park, CA - Washington, DC)

Facebook was built to help people connect and share, and over the last decade our tools have played a critical part in changing how people around the world communicate with one another. With over a billion people using the service and more than fifty offices around the globe, a career at Facebook offers countless ways to make an impact in a fast growing organization. Facebook seeks a highly motivated, team player to serve as Lead Security Counsel. The position will report to the Associate General Counsel, Security. This is a great opportunity to join a growing security team and to work on novel issues in an exciting, fast-paced environment.

## Responsibilities

- Advise the Law Enforcement Response Teams responding to governmental requests for data from around the world
- Develop and implement policies relating to the processing of legal requests and protection of user data
- Litigate issues related to data requests from governmental entities and private parties
- Support legal and public policy teams' engagement with regulators and legislators on security and law enforcement issues
- Collaborate with members of Public Policy, Legal, Community Operations, Product, Engineering and others on safety and security matters

## Requirements

- JD degree with membership in at least 1 state bar (preferably California)
- Minimum 6+ years of relevant experience, including prior in-house and/or law firm experience advising technology companies.
- Litigation experience is a plus.
- Experience with the Stored Communications Act, Wiretap Act, Pen Register/Trap and Trace Statute.
- Direct experience working with foreign and U.S. law enforcement authorities.
- Exceptional interpersonal skills and a commitment to professionalism and collegiality.
