

LCLD 2017 Fellows Second Meeting

Accountability Partner Exercise | October 17, 2017

1. Pick the session that has resonated the most with you so far and discuss your takeaways with your Accountability Partner.
2. Building relationships is a theme of the Fellows Program. Discuss a relationship you are currently focused upon and how you plan to cultivate it over the next several months.
3. Share a professional experience in your life that—at the time—was terrible, but ultimately turned out to be very positive. Identify the things that you did during this time to change a potentially negative outcome into a positive one.
4. Think about an individual at your organization who has demonstrated leadership potential, and who would be willing to take advantage of the networking opportunities provided by the Fellows Program. Discuss your plan to provide input about this individual to your General Counsel or Managing Partner as your organization selects its Fellow for 2018.
