

Peer Circle Assignment #1

Your Peer Circle provides a chance for you to get to know a smaller group of Pathfinders. LCLD understands that meeting people for the first time—especially virtually—can be a little intimidating, but we urge you embrace the experience and just be yourself, whatever that looks like today!

We encourage all group members to take notes on each other during your meeting. At the very least, please plan for one person to take notes in the spaces below and email a completed copy to Chenoa Forrester, LCLD Programs Specialist, by **Friday, April 24, 2020** at cforrester@lclldnet.org.

Please Discuss:

1. The Basics! (Name, City, Organization, Practice)
2. Let's start off light: choose from one of the following prompts and share. Choose two if you're feeling especially socially distant!
 - a. What has been your funniest work-from-home snafu?
 - b. What is the kindest gesture you've seen in person during the COVID-19 crisis?
 - c. What's one word to describe you *today* and why?
 - d. What is the one thing you are secretly pleased that you don't have to do now that you are social distancing?
 - e. What are you grateful for today?
3. You've written an Autobiography about your life. What is the title? And why?
4. What do each of you hope to gain from the Pathfinder Program?
5. Select a Group Name using the first letter assigned to your group.

Write your Group Name and goals for the Pathfinder Program (for each person) below.

Group Name: _____

Goals for the Pathfinder Program:

Group Member Name: _____

Autobiography Title: _____

Goals: _____

Group Member Name: _____

Autobiography Title: _____
